Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This manuscript can be used as reference by other researchers if they encounter similar case in their institute. I like the manuscript as it is a rare case of community acquired <i>Staphylococcus aureus</i> and it also provides detailed information about the case presented.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes	
Are subsections and structure of the manuscript appropriate?	I would suggest the author if possible to mention the name of institute where the case has been studied in the section "The Case" and also mention full name of institution. Introduction could have been expanded to include clinical characteristics and risk factors associated to patients with bacterial meningitis. I would also suggest author to include table for representing the clinical investigations of this case.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	I found this manuscript scientifically correct as the author had used correct methodology and has also presented clinical investigation of the case. The quality of writing is clear and easy to follow.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes
