#### PART 1: Review Comments

<u>Compulsory</u> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.</b>	Authors have represented very well information about the indoor cum ornamental plants and their numerous environmental benefits. These findings emphasize the importance of indoor planting and their benefits such as air purification, stress relief, noise reduction, regulate humidity and aesthetic diversity.	
<b>Is the title of the article suitable? (If not please suggest an alternative title)</b>	<b>Yes</b>	
<b>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</b>	<b>Yes, its correct</b>	
<b>Are subsections and structure of the manuscript appropriate?</b>	<b>Yes</b>	
<b>Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.</b>	As I have already gave the comments in the manuscript itself and once again here am recommending some of the point from the scientific point view. Statistical analysis needs to be correct such as S. Em & CD. Reference should be written accordingly to author guidelines. If possible, you can write the conclusion in more detail.	
<b>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</b>	<b>Yes</b>	
<u>Minor</u> REVISION comments <b>Is the language/English quality of the article suitable for scholarly communications?</b>	Quality of the English is well written for the communication and the manuscript can be accepted for the publication after minor revisions.	
<u>Optional/General</u> comments
