

Review Form 3

Journal Name:	Journal of Advances in Medicine and Medical Research
Manuscript Number:	Ms_JAMMR_124642
Title of the Manuscript:	USE OF 3D GUIDES AND OPERATING MICROSCOPE IN PARENDODONTIC SURGERY: A LITERATURE REVIEW
Type of the Article	Review Article

PART 1: Review Comments

<u>Compulsory</u> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	It is an important topic for advanced and conservative endodontics. The damage to bone can be minimized using 3D guides and microscopes. Also, the clinician can do surgery with planning and precision using this advanced technique.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes. The title of this article is suitable. But there is a spelling mistake. The word mentioned "parendodontic" should be "pre-endodontic" or "endodontic"	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, the abstract is comprehensive mentioning different points.	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Manuscript is scientifically robust as it has enlightened recent advancement in endodontics. Also, it mentions the minimal invasiveness while performing surgery. Conventional surgery technique is less precise in comparison to using 3D guides and microscopes.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes. The references mentioned are sufficient and recent.	
<u>Minor</u> REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Kindly make grammatical corrections in language wherever required. Also, spelling mistakes are present in manuscript. Kindly correct "PRISM" spelling in PRISMA flow chart.	
<u>Optional/General</u> comments	Kindly mention inclusion criteria in manuscript for the studies selected. Also, mention different details of studies selected in discussion part of the manuscript.	

Review Form 3

PART 2:
