

Editor's Comment:

My evaluation and decision is as follows:

1. The reviewers have highlighted the quality of the manuscript, its scientific relevance and impact – an important sustainable millet production majorly in India.
2. The authors have responded to the reviewer comments in the revised manuscript.

Some important points to note include:

- ❖ Appropriateness of the title
- ❖ A comprehensive abstract
- ❖ The manuscript's structure is very effective with very good result and discussion sections and effective compression too.
- ❖ No ethical issues
- ❖ Scored highly before revision.
- ❖ The conclusion is concise and supported by data.
- ❖ The references are relevant and appropriate.

Editorial Decision

The manuscript can be published after proofreading to check for minor editorial and grammatical errors.
