

Review Form 3

Journal Name:	Journal of Complementary and Alternative Medical Research
Manuscript Number:	Ms_JOCAMR_123304
Title of the Manuscript:	The Role of “Preventive Treatment of Disease” from Traditional Chinese Medicine in Public Health Emergencies
Type of the Article	

PART 1: Review Comments

Compulsory REVISION comments	Reviewer’s comment	Author’s Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	By focusing on literature from 2014 to 2024, the paper provides timely insights into the applicability of TCM preventive strategies to contemporary health challenges, including emerging diseases and chronic conditions. The tripartite division of the topic into pre-disease, in-disease, and after-disease prevention provides a valuable framework for understanding TCM's potential contributions.	
Is the title of the article suitable? (If not please suggest an alternative title)	I would like to suggest this title “An Exploratory Study of the Role of Preventive Traditional Chinese Medicine in Public Health Emergencies”	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is comprehensive	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The manuscript presents a comprehensive review of the role of preventive treatment in Traditional Chinese Medicine (TCM) for public health emergencies. Overall, the manuscript is scientifically robust and technically sound, making a valuable contribution to the field of TCM and public health.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes, most of references are sufficient and recent.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments
