PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Avacado peel is rich source of bioactive compounds. Effort put this study is very impressive and results reflect strong understanding in this topic	
Is the title of the article suitable? (If not please suggest an alternative title)	Bioactive compounds responsible were not isolated so title would be Physicochemical Properties of Avocado Pear (<i>Persea americana</i> Mill) Peel Extracts and Antioxidant Activity of Their Microcapsules	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes	
Are subsections and structure of the manuscript appropriate?	Yes. Why it is mentioned as Avacodo peel oil extracts?. Justify	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The topic is scientifically robust as it addresses critical aspects of extraction of compounds from Avacodo peel. The investigation of physicochemical properties provide essential insights into stability and antioxidant potential of peels.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. :	Yes	
Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	Please check grammatical errors	
Optional/General comments	If the study is based on peel oil extract, mention the procedure for separation of oil, or else if is just peel correct the title
