<p>Is the title of the article suitable? (If not please suggest an alternative title)</p>		
<p>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</p>		
<p>Are subsections and structure of the manuscript appropriate?</p>		
<p>Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.</p>		
<p>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</p>		
<p>Minor REVISION comments</p> <p>Is the language/English quality of the article suitable for scholarly communications?</p>		
<p>Optional/General comments</p>	<p>- This topic is very important because it encourages the use of alternative polluting fuels in order to reduce climate change, which is in line with the agenda of the United Nations Climate Change Conferences.</p> <p>- The data was used correctly and its conclusions are clearly visible, even if the data period is short (three years), if the data were taken for a period of ten years, for example, it would have yielded better results.</p> <p>- Using CROPWAT, which was developed by the Food and Agriculture Organization of the United Nations, ensures good results.</p> <p>-The curves in the pictures are well explained.</p>
