

Review Form 3

Journal Name:	Journal of Advances in Medical and Pharmaceutical Sciences
Manuscript Number:	Ms_JAMPS_124438
Title of the Manuscript:	Trends, Motivations and Complications of Body Piercing among Undergraduate Students in a University in Southwestern Nigeria
Type of the Article	Original Research Article

PART 1: Review Comments

<u>Compulsory</u> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This manuscript is significant to the scientific community as it highlights the public health implications of body piercings, especially among young people. Given the various reasons for piercings, it's crucial for individuals to be informed about potential complications. Awareness of these risks can encourage more careful decision-making regarding where piercings are performed	
Is the title of the article suitable? (If not please suggest an alternative title)	The topic is appropriate and provides a comprehensive overview of the article's content.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is thorough, clearly presenting the rationale for the study	
Are subsections and structure of the manuscript appropriate?	The subsections are well-suited	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	I believe the manuscript is thorough, as it examines the various reasons young people get body piercings and compares these findings with similar studies from around the world. Additionally, it highlights the significance of key findings, guiding policymakers on important areas to focus on when creating policies and regulations around body piercings. This comprehensive approach strengthens the manuscript's relevance to both public health and policy development.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references are adequate and appropriately up-to-date.	
<u>Minor</u> REVISION comments Is the language/English quality of the article suitable for scholarly communications?	Yes, the manuscript is written with a high level of English proficiency, demonstrating an expert command of the language.	
<u>Optional/General</u> comments
