

Review Form 3

Journal Name:	Journal of Scientific Research and Reports
Manuscript Number:	Ms_JSRR_124607
Title of the Manuscript:	African fan palm reinforced concrete beams subjected to two-point symmetrical loading.
Type of the Article	

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p>Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.</p>	<p>Manuscript Number:2024_JSRR_124607</p> <ul style="list-style-type: none"> • The first remark is that the abstract was not made in accordance with the requirements of the journal. The abstract should clearly state the scientific problem, scientific novelty and scientific result as well as numerical results. • Include more literature for the support of your work • Discussion section should be strengthened. Please compare your results with previous studies and mention clearly how your work is important in comparison to already been reported. • Conclusions. Conclusions should be rewritten. They should be concise, factual and presented in 4-5 strong bullets. • Include some more references at least 15 to 20 which is related to work area • The authors are encouraged to execute an in-depth study that begins with a sound hypothesis. The amount of research data is very limited and would need to be substantially expanded <p>Include these references:</p> <ol style="list-style-type: none"> 1. https://doi.org/10.1007/s41062-024-01530-5 2. https://doi.org/10.1080/23311916.2024.2340298 3. https://doi.org/10.1080/24705314.2024.2302655 4. https://doi.org/10.1088/2053-1591/ad592c 5.
