### PART 1:

Journal Name:	<b>Journal of Advances in Medicine and Medical Research</b>
Manuscript Number:	<b>Ms_JAMMR_121135</b>
Title of the Manuscript:	<b>Care and infection control measures in the intensive care unit with emphasis on nursing roles: narrative review</b>
Type of Article :	

### PART 2:

<b>FINAL EVALUATOR'S comments on revised paper (if any)</b>	<b>Authors' response to final evaluator's comments</b>
<p>-In Review Form 3, authors did not accomplish the third column with the Instruction: <i>"It is mandatory that authors should write his/her feedback here."</i> No written feedback was indicated except "We, carried out all corrections." which is unclear because feedback on the revisions are not indicated.</p> <p>-Objective of the study: The objective of this study is to conduct a narrative review of the literature on care and infection control measures in the intensive care unit, <b>with a particular focus on the performance of nurses</b>. However, from the Introduction to the Review, role of nurses in ICU as regards to care and infection control measures are not focused. The authors reviewed generally on HAIs.</p> <p>Suggestion: Revise the objective and remove "<b>with a particular focus on the performance of nurses</b>".</p> <p>- <b>The authors addressed NONE of my comments and recommendations.</b> Please go back to Review Form 3. Accomplish the third column to indicate if and how you address and revise your manuscript.</p>
