Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	"A Brief Review on Emerging Role of Bacterial Pigments: From Industrial Uses to Novel Therapeutic Applications"- The concept and approach of this article is pertaining to the title and according to the recent requirements. It has given an insight about modern application of bacterial pigments and it can be considered as a drug design platform in future against drug resistant microbes and as an anticancer agents.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract is fine	
Are subsections and structure of the manuscript appropriate?	PI refer the comments	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	In this review a couple of important microbes have mentioned which can be used for pigment production. The various sources for pigment producing microbes are mentioned. The important application of the microbes are also described. The overall approach is scientific and various subsections are related to each other.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. -	The recent references are also indicated in this article. The order of writing of each reference should be rechecked. For example the reference Number3 should be rechecked	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Minor correction....pl refer the comments	
Optional/General comments		
	SEE ATTACHMENT	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
