Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	I like this manuscript. This paper addresses the important issues related with sustainability in finance. Moreover, it discusses the relevant sub themes of sustainable finance too. Some of the themes are discussed with few papers. Author can consider for elaborating the discussion on these sub-themes, with limited discussions, if word limits permit.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes. The title is suitable for this review. No need of changing title	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract is loosely written, need to be comprehensive. It should mention the data source for the review, data range time periods, tool used if any for preparing this review, especially for reviewing the literature and limitations of the study. Additionally, authors can also consider to mention some findings too.	
Are subsections and structure of the manuscript appropriate?	Numbering of sections is incorrect, need to change after revision. Appropriate. I suggest to develop a diagram for thematic visualisation of the themes discussed by author	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Review methodology is missing. Review methodology section is compulsory, that is how you designed review. Author should give details about which sources are used, its relevance, how papers are selected. Additionally, no latest document publications are reviewed in this paper, especially publications of 2023 and 2024. Research gaps should be indicated separately and also discuss the recommendations	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. =	Additional references from 2023 and 2024 can be considered. Four references are recommended for including research methodology section, restructuring abstract and for better presentation of this paper Recommended references 1) 2021, Sanjeet Singh and R. Jayaram, "Sustainable banking: a systematic literature review", <i>International Journal of Sustainable Society</i> 2021 13:2, 116-128, 2) 2020, R.
