Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Dermatophytosis is important fungal zoonotic disease. It is also important to know the source of infections. There are many species of animals from which diseases are transmitted	
Is the title of the article suitable? (If not please suggest an alternative title)	I think instead of "A Review of" it would be "A Review on" is better option	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	I think it is nice	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	There are no corrections. This manuscript is technically sound because Dermatophytosis is important fungal zoonotic disease among other fungal diseases	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	There are no corrections. References are also properly arranged but if possible then add some references of the year 2023 and 2024	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments		
	It is advisable and recommended for publication after the completion and incorporation of above suggestions	

Review Form 3
