<p>Introduction: Improve the introduction by adding more detail about antioxidant and relevant literature review.</p> <p>References: The introduction references various studies but does not critically compare or contrast their findings. Providing a more balanced discussion of existing literature would improve the depth of the introduction. The following relevant reference may be improved the quality of the manuscript.</p> <p>Chin, B. T. M., Ali, A., Kamal, H., Mustafa, M. A., Khaliq, G., Siddiqui, Y. (2021).
