

Review Form 3

Journal Name:	Asian Journal of Research in Dermatological Science
Manuscript Number:	Ms_AJRDES_123411
Title of the Manuscript:	Oral isotretinoin with desloratadine compared with oral isotretinoin alone in the treatment of moderate to severe acne: a mini review
Type of the Article	Mini review

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Acne vulgaris, a common dermatological condition, often requires effective treatment especially in young adults. This review has thoroughly discussed effectiveness of combination treatment therapy to the single drug therapy.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, comprehensive.	
Are subsections and structure of the manuscript appropriate?	Yes, appropriate	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	This manuscript is scientifically robust and technically sound, as being acne vulgaris as a common skin disorder among young adults with potential secondary infection in untreated patients. It is essential in general practise as well as for a skin specialist to well understand its pathogenesis and pharmacokinetics for this condition. The authors have fulfilled the necessary information in the article.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References are sufficient for a mini review. It will be better if the authors could add in recent references if available.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	English quality is simple, clear and easily understandable.	
Optional/General comments	Suggest acceptable for publication.	

Review Form 3
