

Review Form 3

Journal Name:	International Journal of Pathogen Research
Manuscript Number:	Ms_IJPR_124457
Title of the Manuscript:	Antagonistic effect of crude Bacteriocin produced by <i>Chungangia koreensis</i> strain CAU 9163 against <i>Campylobacter</i> spp.
Type of the Article	

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Among the <i>Lactobacillus</i> bacteria discovered in the fermented maize slurry (pap) was a unique bacterium called <i>Chungangia koreensis</i> . Foodborne pathogens (<i>Campylobacter</i> sp.) are significantly inhibited by the bacteriocins produced by these lactic strains. The work's noteworthy finding is that these bacteriocin strains can also suppress Gram-negative pathogens, indicating a possible utility for them as probiotic bacteria and in the biomedical industry.	
Is the title of the article suitable? (If not please suggest an alternative title)	Its ok	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Its ok	
Are subsections and structure of the manuscript appropriate?	Its ok	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The capacity to considerably suppress <i>Campylobacter jejuni</i> and <i>Campylobacter coli</i> , two newly discovered food-borne pathogens of concern is discussed. These can be employed as a probiotic for personal health benefits and as a biopreservative in fermented food products in future.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	No, recent references are to be incorporated	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Its ok	
Optional/General comments		

Review Form 3

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
