

**SDI FINAL EVALUATION FORM 1.1**

**PART 1:**

Journal Name:	<b>Journal of Scientific Research and Reports</b>
Manuscript Number:	<b>Ms_JSRR_122067</b>
Title of the Manuscript:	<b>INFLUENCE OF IBA AND NAA ON ROOTING OF TERMINAL CUTTINGS OF CHRYSANTHEMUM (Dendranthema grandiflora L.)</b>
Type of the Article	<b>Research article</b>

**PART 2:**

<b>FINAL EVALUATOR'S comments on revised paper (if any)</b>	<b>Authors' response to final evaluator's comments</b>
<p>Author has done some modification as per the suggestion given. Title is changed as suggested. In abstract, still conclusion is missing. Introduction is fine, only uniformity in writing units should be maintained. Methodology is missing period of study and statistical tools used. In result section, corrections are done as suggested, however, para 2, seventh line stating maximum results were recorded in IBA 400 ppm which is followed by IBA and NAA 100 ppm, same results were obtained in IBA 800 ppm (20.67) which should also be mentioned. Latest references if possible can be added. Overall, the manuscript is modified and may be accepted for publication.</p>
