

Review Form 3

Journal Name:	Asian Journal of Applied Chemistry Research
Manuscript Number:	Ms_AJACR_124772
Title of the Manuscript:	A brief overview on recent one pot multi-component synthesis and biological properties of a class of new class of chromenes, coumarines, chromeno-pyrimidines, pyrido-pyrimidine and quinazoline heterocycles
Type of the Article	Review Article

PART 1: Review Comments

<u>Compulsory</u> REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Review is written by considering recent work. Heterocyclic compounds having biological activities are selected for the review. Many new synthetic ways of synthesis of chromenes, coumarines and ceno-pyrimidines, pyrido-pyrimidine and quinazoline heterocycles are given. This review gives the new methodology to eliminate the use of solvents and catalyst which are hazardous to human and environment.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract is comprehensive, No suggestions	
Are subsections and structure of the manuscript appropriate?	Yes, it's appropriate	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	A overview is written by considering recent work done. Many methods of synthesis of new class of chromenes, coumarines and chromeno-pyrimidines, pyrido-pyrimidine and quinazoline heterocycles are given. Their biological properties are well described. Recent references are considered.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes, references are sufficient and recent	
<u>Minor</u> REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes	
<u>Optional/General</u> comments	Review Article is appropriate	

Review Form 3

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
