

Review Form 3

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Ms_JABB_124539
Title of the Manuscript:	Morphological assessment of drought stress tolerant soybean genotypes in Bangladesh
Type of the Article	Research article

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Farmers can choose drought-resistant crops with the guidance of this article. The breeding program will make use of the genotypes that can withstand drought. A transcriptome analysis can also be used to better understand the relationship between genes and the environment.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Cite the days on which water withholding was implemented. Arrange keywords in alphabetically.	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Since drought is the primary issue under rainfed circumstances, this kind of research could advance understanding and provide fresh perspectives on the relationship between production and drought. The manuscript has been carefully examined statistically. The analysis of numerous yield-related parameters increases the study's significance.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. -	Yes. Reference is required in statistical analysis. (2.3 Part, Pg. No. 6)	
Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	Average	
Optional/General comments	<ul style="list-style-type: none"> - Write the unit of morphological parameters on pg. no. 5. - Mention the lowest number of branch plant¹ on pg. no. 8. - Please keep a uniform format for the reference. Please check it and do it accordingly. - Reference 16, why is there 'b' in the year? - Please assign the line number in the manuscript so we can comment according to the line. 	

Review Form 3

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
