A minimum of 3-4 sentences may be required for this part.	Of course it's a great effort. In this sub-continent agriculture play a vital role for a country economy. We need much more research in this field. By analysing data and using different methodology, researcher need to find the multidirectional way to enhance the agriculture field. This paper is focused on growth rate and instability and it present nicely.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract should be in one para which carry whole weigh of the paper. Authors need to remove the points (like Place and Duration of Study, Methodology, Results, Conclusion etc.)	
Are subsections and structure of the manuscript appropriate?	Okay	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Instead of using actual or field data, the authors used data from online sources. Real data and data found online will generally differ from each other. We occasionally received erroneous information from the internet. Data from the years 1992–1993 to 2019–20 were analyzed in this work. It will produce better results if the writers include recent data.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. :	Okay	

Review Form 3

Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	Okay
