Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Chilli is a significant cash crop, but it faces serious threats from black thrips, a destructive pest that has caused substantial damage in the states of Andhra Pradesh, Karnataka, and Telangana. Therefore, this research study provides valuable insights to the scientific community.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Ok	
Are subsections and structure of the manuscript appropriate?	Yes, but the Results & Discussions chapter is quite limited. It could be expanded with a more thorough discussion and additional literature to make it more meaningful.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The use of biopesticides is an innovative approach for managing thrips and can positively contribute to environmental protection. However, the current study is not comprehensive and has room for improvement.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	No. Need more literature
