

Review Form 3

Journal Name:	Journal of Scientific Research and Reports
Manuscript Number:	Ms_JSRR_124520
Title of the Manuscript:	Spatial Variation of Microclimatic parameters inside a Polyhouse with Fog cooling system
Type of the Article	

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The topic of the paper is interesting. The present study is carried out respecting the subject. It is also presented in a synthetic form, which highlights the qualitative and quantitative analysis. Abstract, introduction and data analysis parts are comprehensive. Took into consideration the published results of previous research in that field.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title of the article is correctly worded.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The summary of the article is comprehensive.	
Are subsections and structure of the manuscript appropriate?	The subsections and structure of the manuscript are appropriate	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Both the data and methodology being used in the present research work are correct and fit the scope of the study but some minor improvements are still recommended. It requires the attachment of a map with the geographical position of the site within the region. Within the limits of possibilities, attach a collage of maps for a better visualization of the specific climatic conditions.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references are sufficient and recent.	

Review Form 3

Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	The language English suitable for scholarly communications.
