PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This manuscript helps to know the current situation of the public extension system in Karnataka. As the Extension privatization is also taking place, if the public sector has to sustain for many years they should be of help to farmers. In this context it is important to understand the problems faced by farmers in approaching Department of Agriculture	
Is the title of the article suitable? (If not please suggest an alternative title)	No. Title can be changed to Constraints faced by farmers in availing the extension services of Raitha Samparka Kendras instead of Department of Agriculture as the paper deals with only RSK	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is comprehensive	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The methodology used is ok. The problems are grouped under different categories which makes the paper more meaningful. But to make the paper more meaningful, some more statistical analysis like Garrett Ranking can be used.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes	
Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	Yes. In case of writing the results under each Table the type of constraints is hidden some where in the middle of the paragraph, this should be made more evident	
Optional/General comments	To make the paper more standard, more statistical tests like Garrett Ranking can be used for overall problems. Only problems are given here, if suggestions are also included, then it adds value to the paper
