PART1: ReviewComments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.</p>	<p>The manuscript is important for the scientific community because polytrauma is a subject of wide interest that represents an absolute life-threatening emergency, which requires a multidisciplinary team and quick decisions adapted to each case. The manuscript is interesting because it presents a case of extreme severity that was successfully resolved and highlights the importance of intensive care support.</p>	
<p>Is the title of the article suitable? (If not please suggest an alternative title)</p>	<p>The title of the article is suitable</p>	
<p>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</p>	<p>The abstract of the article is comprehensive</p>	
<p>Are subsections and structure of the manuscript appropriate?</p>	<p>The manuscript is well-structured</p>	
<p>Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-</p>	<p>The manuscript is well structured. In the introduction, the author gives us enough details about the importance of the subject. The presented case is well documented and accompanied by suggestive intraoperative images. In the discussion section, a thorough analysis of the case is carried out and the data are compared with those from the specialized literature. In conclusion, this manuscript highlights the perioperative risk and cardiorespiratory vulnerability during anesthesia in children with polytrau</p>
