

Review Form 3

Journal Name:	Asian Journal of Probability and Statistics
Manuscript Number:	Ms_AJPAS_121815
Title of the Manuscript:	Modeling The Risk Factors Of Miscarriage Using Survival Analysis Techniques
Type of the Article	

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This article employs various techniques to analyze miscarriage survival patterns and risk factors. Adding visual representations will make the findings more engaging compared to the standard tabular format.	
Is the title of the article suitable? (If not please suggest an alternative title)	Analyzing Risk Factors for Miscarriage Through Survival Analysis Methods	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Ok	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	It is straightforward to identify miscarriage data based on age groups. The authors analyzed various methods and applied the most favorable model, the Gompertz proportional hazards model. This approach is highly beneficial for raising societal awareness about miscarriage.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	For a comprehensive understanding, more recent references should be incorporated to reflect the latest research developments	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Minor grammar corrections have been made to the article.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
