### Review Form 3

#### **PART 1: Review Comments**

| <b>Compulsory</b> REVISION comments   | Reviewer's comment   | Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i> |
|---|--|---|
| Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.                        | The corresponding statistical analysis of a special field provides new knowledge, confirms or develops existing provisions. So, this manuscript got me the new patterns of Spices Market. I am sure, the manuscript will be useful for scientific community interested in marketing in general or Spices Market.   |   |
| Is the title of the article suitable?<br>(If not please suggest an alternative title)   | “Efficacy Analysis” is not the same as analysis of spot and futures prices, so it is better to use the following title:<br><br>Analysis of NCDEX Spices Spot and Futures Trading   |   |
| Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.   | The abstract needs to be expanded, namely, authors should complete the obtained results, since only one result is described:<br><br>“The results revealed that Turmeric and Coriander had significant bidirectional relationship and Jeera had significant unidirectional relationship between futures and spot market prices”.  |   |
| Are subsections and structure of the manuscript appropriate?  | Subsections and structure of the manuscript are appropriate  |   |
| Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part. | The results presented are based on a properly conducted study. Correct terms are used. Statistical analyses are performed correctly.   |   |
| Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.   | There are not enough references for the manuscript. Moreover, the publications dated 1969, 1990, 1993 can be used if there are no the new ones related with the statistical analysis. Also authors should compare their results with the existing ones. So the references needs to be expanded.  |   |
| <u>Minor</u> REVISION comments<br><br>Is the language/English quality of the article suitable for scholarly communications?   | Yes  |   |
| <u>Optional/General</u> comments  | Overall, the work is interesting, and the manuscript reveals new results of research into the spice market.<br>In addition to the above comments, there are ones more:<br>1) it is better to present the corresponding graphs at the beginning of the manuscript for a better idea and results understanding.<br><br>2) CONCLUSION needs to be expanded and provide the specific results, rather than saying in general that a study has been conducted. |   |
