**PART 1: Review Comments**

<b>Compulsory</b> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This article emphasises the importance of eco-friendly measures that can be used to improve the yield and quality of cauliflower and thereby provides good returns to the farmer. Front line demonstrations are easily understandable to the farmers. Since, DBM and black rot are the two major constraints in cauliflower production in large scale, its management through eco-friendly measures will get wide adaptability among farmers.	
Is the title of the article suitable? (If not please suggest an alternative title)	Title speaks about pest and diseases in general, but throughout the manuscript it discusses only, DBM and Black rot. So it will be apt, if the title is precise.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract is comprehensive	
Are subsections and structure of the manuscript appropriate?	Introduction part is somewhat lengthy. If possible, reduce this part.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	In the title, it is mentioned about eco-friendly measures, but in the practices adopted for plant protection, spraying of CoC is recommended. Kindly check the aspect.  In the article, DBM is used as a short form for Diamond Back Moth. But in some areas, it is written as DMB. Kindly correct it.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References are sufficient	
<b>Minor</b> REVISION comments  Is the language/English quality of the article suitable for scholarly communications?	Language is good.	
<b>Optional/General</b> comments
