

**Review Form 3**

Journal Name:	<b>Journal of Experimental Agriculture International</b>
Manuscript Number:	<b>Ms_JEAI_122653</b>
Title of the Manuscript:	<b>Estimation of avoidable yield losses due to pest complex in cowpea [<i>Vigna unguiculata</i> (L.) Walp.]</b>
Type of the Article	<b>Original Research Article</b>

## Review Form 3

### PART 1: Review Comments

<b>Compulsory</b> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	<b>LIKES</b> 1. This manuscript will help the scientific community to know the importance of avoidable yield losses in cowpea caused by different pest and disease. 2. This manuscript will help the scientific community know the importance of controlling pest and diseases to avoid yield losses due to pest and diseases. <b>DISLIKES</b> 3. This manuscript is not well written in a scientific manner 4. The discussion and conclusion written in this manuscript can be better written in a scientific way	
Is the title of the article suitable? (If not please suggest an alternative title)	YES	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	It is not comprehensive, kindly add a little bit of your conclusion and recommendation in the abstract	
Are subsections and structure of the manuscript appropriate?	YES	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	This manuscript is scientific correct as it is trying to answer a scientific question that is important to the researchers and the farmers (i.e. trying to determine losses that can be avoidable due to pest and diseases).	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references are sufficient	
<b>Minor</b> REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes it is, but it can still be better written	
<b>Optional/General</b> comments		
	The journal should please try to add line number to the manuscript for future reviewers, this will help the reviewer to point out the lines in the manuscript that needs correction (s).	

### PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
