**PART 1: Review Comments**

<b>Compulsory</b> REVISION comments	<b>Reviewer's comment</b>	<b>Author's Feedback</b> (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The paper titled "Prediction of Financial Distress Using Dynamic Artificial Neural Network for Early Warning System" is crucial as it explores innovative approaches to identify early signs of financial distress in companies. This research contributes significantly to the development of more accurate and reliable early warning systems, which are vital for maintaining financial stability and preventing potential crises.	
Is the title of the article suitable? (If not please suggest an alternative title)	suitable	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Add some results data and also provide more details.
