<b>Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.</b>	The drug Ibuprofen in their study is mostly preferred drug for pain. So I felt significance of the article. They already mentioned about its good tolerability profile, good efficacy, safety margin .Apart mentioned about the need of doctors' prescription for the paediatric age group .It is relevant now because all anti inflammatory drug having impact on dengue fever and thereby affecting blood clotting time.	
<b>Is the title of the article suitable? (If not please suggest an alternative title)</b>	<b>Yes</b>	
<b>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</b>	If adding about impact on dengue fever and thereby affecting blood clotting time can improve the citation of your article	
<b>Are subsections and structure of the manuscript appropriate?</b>	Acceptable some spelling mistakes are there and grammatical mistakes.. Better to avoid the value of the article	
<b>Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.</b>	It is suggesting that line spacing and all have to be maintained for uniqueness of article.Remaining good only scientifically.Font also it is better to add same for all tables.	
<b>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</b>	Apt	
<b>Minor</b> REVISION comments		
<b>Is the language/English quality of the article suitable for scholarly communications?</b>	Its better to edit grammatical mistake and spelling corrections
