Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The study is gives very basic information about knowledge, attitude and practice in the title topic. The study could have conducted with educational intervention among study population to show an impact of intervention. I have not liked the manuscript because of poor scientific language, grammatical errors and lack of basic presentation quality of a research paper	
Is the title of the article suitable? (If not please suggest an alternative title)	YES	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	It is comprehensive	
Are subsections and structure of the manuscript appropriate?	OK, with little corrections needed	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The study is not that technically robust. The entire manuscript needs to be rewritten	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References are not cited in a standard format. They are not numbered and needs better citations	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Language quality is very poor and cannot be accepted	
Optional/General comments		
	The study seems to be just a thesis needed to complete the academic requirement
