Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Different oils have varying effects on health. Understanding these effects will guide consumers on the dietary choices to promote better health. Also, assessing different oils plant resources will also improve agricultural practices and more sustainable production methods.	
Is the title of the article suitable? (If not please suggest an alternative title)	Article title can be modified as: "Evaluating the impact of Haryana's Edible Oil Plant Resources on Human Health"	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	No , it is not comprehensive enough . The aim of the study, the gap in which the study as identified was not stated, the methods of assessing the impact on health was also missing.	
Are subsections and structure of the manuscript appropriate?		
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	I think for the manuscript to be scientifically robust, there should be reviews on the production, the environmental impact on health, consumption rate of the oils produced in Haryana and it effect on consumers.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Most of the references are too obsolete. Recent studies on the subject matters could be reviewed for discussion	
Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	Minor Yes
