**PART 1: Review Comments**

<b>Compulsory</b> REVISION comments	<b>Reviewer's comment</b>	<b>Author's Feedback</b> <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Well written detailed article on candidiasis. Presented information is repetitive and most of this information is already available in professional literature. In general, I would recommend on making the manuscript more focussed on candidiasis in diabetic patients than present a complete known information to our readers.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes – if the manuscript is modified to focus more on diabetic patients than provide already available information.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes	
Are subsections and structure of the manuscript appropriate?	Yes – Please edit manuscript per comments above.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Well documented manuscript with references However, please see comments above and focus more on diabetic patients and studies related to diabetic patients.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes	
<b>Minor</b> REVISION comments  Is the language/English quality of the article suitable for scholarly communications?	Yes – few grammatical mistakes noted. Please rephrase sentences.	
<b>Optional/General</b> comments
