Type of the Article	Review

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	It's a simple review with a simple write up	
Is the title of the article suitable? (If not please suggest an alternative title)	Can be revised to "Oral Leukoplakia- An updated Review" as the article is not a research.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Kindly revise the abstract as mentioned below. Oral Leukoplakia (OLK) is a common mottled oral mucosal disease with potential malignant changes, and it is one of the diseases of high concern in dentistry. Through in-depth analysis and review of the existing literature, this article summarizes the epidemiological features, clinical characteristics, diagnosis and treatment progress of Oral Leukoplakia to improve the quality of life of patients.	
Are subsections and structure of the manuscript appropriate?	yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	It's a usual compilation of data on leukoplakia	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	More recent references can be added.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Lot of grammatical errors. I have highlighted within the text in yellow colour	
Optional/General comments	Kindly revise the article as mentioned above	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
