<p>Are there references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. =</p>	<p>Yes there references are sufficient</p>	
<p>Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?</p>	<p>Yes</p>	
<p>Optional/General comments</p>	<p>Generally, bivoltine hybrids are found to have higher yield than Multivoltine x Bivoltine hybrids. Yield of Bivoltine and Multivoltine x Bivoltine hybrids with recommended practice of silkworm rearing/ Bivoltine and Multivoltine x Bivoltine hybrids without recommended practice of silkworm rearing can be incorporated. Cocoon price of both the hybrids can be included. The above two data will give a clarity to the readers whether the increase in income & yield is solely due to recommended practice of mulberry and silkworm rearing or not.</p>
