

**Review Form 3**

Journal Name:	<b>Journal of Experimental Agriculture International</b>
Manuscript Number:	<b>Ms_JEAI_122830</b>
Title of the Manuscript:	<b>Development of an efficient in vitro regeneration system in Cassava [Manihot esculenta C.] through axillary bud's explants for cryopreservation</b>
Type of the Article	<b>Original Research Article</b>

### Review Form 3

#### **PART 1:** Review Comments

<b>Compulsory</b> REVISION comments	<b>Reviewer's comment</b>	<b>Author's Feedback</b> (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The authors tried to develop an efficient in vitro regeneration system for Cassava, with the purpose of using their system for cryopreservation purposes.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title should be improved.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	<b>In the abstract:</b> - Please specify the culture medium used.	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The manuscript is good. This research presents findings of the different steps of the regeneration system developed for cassava. The main issue with this paper is the lack of information and experimental details in the material and methods' section, which should be improved.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes	
<b>Minor</b> REVISION comments  Is the language/English quality of the article suitable for scholarly communications?	- The language needs some improvement	
<b>Optional/General</b> comments	- The basal formulation of culture medium must be presented in detail in the MM section. - The acclimatization process should be described in the MM section.	

#### **PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
