

Review Form 3

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_122326
Title of the Manuscript:	Impact of basal phosphorus (P2O5) application and foliar molybdenum (Mo) spraying on the growth, development, and yield of DVN11 soybean
Type of the Article	Research article

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This is the strategic research that can be utilized for enhancing the productivity of soybean. This study suggest the effective management of nutrients for soybean cultivation.	
Is the title of the article suitable? (If not please suggest an alternative title)	Title may be changed as "Impact of basal phosphorus application and foliar molybdenum spray on the agronomic performance of DVN11 soybean"	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract should include the key information of foliar Mo spray on soybean yield. Which spary is economically suitable for high productivity?	
Are subsections and structure of the manuscript appropriate?	NO	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	There are many shortcomings in the manuscript. NO references cited in the MS.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	NO, Please cite the proper references in the Introduction and discussion section.	
Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	comments are suggested in the manuscript.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
