

Review Form 1.7

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_119507
Title of the Manuscript:	Line x Tester Analysis and Estimating Combining Abilities for Yield and its Components in Soybean
Type of the Article	

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>Yes, it is important. Genetic improvement is very important for agricultural development and meeting the growing global food needs. Therefore, one of the foundations of successful breeding programs is knowing the parents with a high general ability to compatibility and selecting hybrids that have a special significant and desirable ability to compatibility.</p> <p>Yes, it is suitable title.</p> <p>Yes, it is.</p> <p>Yes. it's good</p> <p>It is necessary to review Table No. (4), and correct the names of the hybrids and parental lines referred to in the comments. It appears that this manuscript was written quickly and the student made many mistakes. Please be careful and adhere to the corrections.</p> <p>Some references are mentioned such as Saul et al. (2017) too much. It would be preferable if various references were added to support the results. It is also preferable for the references to be updated if possible.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Yes. it's good</p>	
<p>Optional/General comments</p>	<p>When making a reference, please mention the extent of agreement or disagreement with the results of the reference, as well as mention the plant species studied</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
