

Review Form 3

Journal Name:	International Journal of TROPICAL DISEASE & Health
Manuscript Number:	Ms_IJTDH_121637
Title of the Manuscript:	INFORMATION AND KNOWLEDGE SOURCES ABOUT COVID-19 AMONGST FINAL YEAR MEDICAL STUDENTS IN ENUGU STATE, NIGERIA: A CROSS SECTIONAL STUDY
Type of the Article	Original Research Article

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The objectives section outlines the study's goal to identify knowledge and information sources about COVID-19 among final-year medical students. It might be helpful to specify whether the study also aims to assess the quality or reliability of these information sources.	
Is the title of the article suitable? (If not please suggest an alternative title)	No title: Sources of Information and Knowledge on COVID-19 Among Final-Year Medical Students in Enugu State, Nigeria: A Cross-Sectional Study	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	It can be improved	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The manuscript's well-defined aims and methodical methods provide the impression that it is technically solid and scientifically robust. The research makes use of statistical analysis to derive significant conclusions from the acquired data, and it uses a cross-sectional design, which is suitable for evaluating information sources and knowledge among a particular community	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. -	Use recently reports about following the global corona virus pandemic and environmental contamination (https://doi.org/10.1016/j.surfin.2022.102349 ; https://doi.org/10.3390/app10103620)	

Review Form 3

<p>Minor REVISION comments</p> <p>Is the language/English quality of the article suitable for scholarly communications?</p>	<p>It is ok/Minor revision is needed</p>	
<p>Optional/General comments</p>	<p>1-Revise the title: Sources of Information and Knowledge on COVID-19 Among Final-Year Medical Students in Enugu State, Nigeria: A Cross-Sectional Study 2-Introduction should be improved. Use recently reports about following the global corona virus pandemic and environmental contamination (https://doi.org/10.1016/j.surfin.2022.102349; https://doi.org/10.3390/app10103620) 3- Could you provide more information on the specific statistical tests performed in SPSS, particularly how p-values were interpreted in the context of this study? 4-The discussion section could be strengthened by connecting the results more explicitly to the study's objectives and the broader context of medical education during a pandemic. 5-Since Twitter and WhatsApp were the most trusted sources of information, how can medical students verify their knowledge? 6-Does integrating these new knowledge sources influence traditional medical education? Does social media threaten rigorous academic learning?</p>	

PART 2:

	<p>Reviewer's comment</p>	<p>Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</p>
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
