

Review Form 3

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_121378
Title of the Manuscript:	Effects of organic amendments and NPK on soil chemical properties in Kano Plains, Kisumu, Kenya
Type of the Article	

Review Form 3

PART 1: Review Comments

<u>Compulsory</u> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.		
Is the title of the article suitable? (If not please suggest an alternative title)		
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.		
Are subsections and structure of the manuscript appropriate?		
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.		
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.		
<u>Minor</u> REVISION comments Is the language/English quality of the article suitable for scholarly communications?		
<u>Optional/General</u> comments	<p><u>Notes about the paper</u></p> <p>1 . Sampling Methods for Soil Samples: Could you provide further details on the soil sampling methods used? For instance, how were soil samples collected and processed?</p> <p>2. Selection Criteria for Organic Amendments: How were the organic amendments selected, and what criteria guided their selection? Were there specific properties or characteristics that influenced their choice?</p> <p>3. Comparative Effects of Organic Amendments and NPK Fertilizer. How do the effects of organic amendments compare with those of NPK fertilizer in terms of soil health and long-term land productivity?</p> <p>4. Potential Implications for Local Farmers and Agricultural Practices in Kano Plains. What are the potential implications of these findings for local farmers and agricultural practices in the Kano Plains?</p>	

Review Form 3

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
