

Review Form 3

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_121431
Title of the Manuscript:	Assessment of Plant Growth Promoters on Growth Characteristics, Yield Attributes and Yield of Wheat (Triticum aestivum L.) Varieties in Central Plain Zone of Uttar Pradesh
Type of the Article	

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The selected topic is most appropriate and the research is well timed. The plant growth promoters are major role for enhancing the yield of wheat. This research was focused on plant growth promoters in two different wheat varieties. This is very much needed one for high wheat production.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is thorough. Minor changes are there. I corrected in the manuscript by using track changes. It contains all the necessary details about the experiment	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Yes , the research paper is scientifically written. The statistical tools used for data analysis. The results were critically discussed. But some more additional points should be needed in the results and discussion part. A plant growth promoter in wheat crop is highly influence the production.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References are sufficient and recent.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	yes	
Optional/General comments	The authors gave sufficient data for this particular topic.	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes. Kindly please write down the ethical issues here in details)</i>
