

**Review Form 3**

Journal Name:	<b>Journal of Experimental Agriculture International</b>
Manuscript Number:	<b>Ms_JEAI_121547</b>
Title of the Manuscript:	<b>Mechanistic Insights and Genetic Approaches for Enhancing Submergence Tolerance in Rice</b>
Type of the Article	<b>Review Article</b>

### Review Form 3

#### PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The tile of this manuscript is very interesting and have a huge impact to the world staple food supply. The current climate changes have grate negative impact on the rice cultivation especially in the Asian region. Therefore, many researchers are engaged in this field to find a sustainable solution for this growing issue. I highly believe this review manuscript will attracts many readers.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, Abstract is well written one.	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Most of the content included is technically correct. But there was some minor errors were identified by the reviewer (see the revised manuscript attached). Main Calorie source of rice is carbohydrates and it contain other essential nutrient factors like Pottasium, Vitamin B6 and etc. But rice is lack of Vitamin C.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Author/s refer enough recent references appropriately.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments	Reviewer suggest to include more information to the subtitle "4.2 GENETIC ENGINEERING FOR ENHANCING SUBMERGENCE TOLERANCE RICE" and better to include graphical abstract/diagram to explain the Genetic Approaches for mechanism of Enhancing Submergence Tolerance in Rice	

**Comment [A1]:** Better to include more information into this subtitle since there more studeis were already conducted

#### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
