

Review Form 3

Journal Name:	Journal of Advances in Medicine and Medical Research
Manuscript Number:	Ms_JAMMR_121259
Title of the Manuscript:	Managing Dual Malaria Infections in Sickle Cell Anemia in Nigeria: A Case Report of Plasmodium falciparum and Plasmodium vivax Co-infection
Type of the Article	Case report

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Mixed infection with P. Falciparum and Vivax are not uncommon in malaria endemic regions in general population as well as in hemoglobinopathies. A high proportion of mixed infections with P. vivax and P. falciparum have been reported in India. In one study from 8 malaria-endemic states in India, mixed Plasmodium spp. infections were detected by PCR in 17.4% (265/1,521) of blood samples that microscopy had shown to contain only P. falciparum. Moreover, ACT works both, in vivax and falciparum malaria except vivax patient need radical eradication by primaquine.	
Is the title of the article suitable? (If not please suggest an alternative title)	Looks good	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	It is alright	
Are subsections and structure of the manuscript appropriate?	Appropriate	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	It is well written article with elaboration of all relevant details.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. -	All relevant references are there in the article	
Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?		
Optional/General comments	Contribution to the existing body of knowledge is minimal	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
