

Review Form 3

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_122576
Title of the Manuscript:	Influence of Varying Levels of Organic Manure, Phosphorus and Bio- inoculants on Biological Properties of Soil Under Mungbean [<i>Vigna radiata</i> (L.) Wilczek]
Type of the Article	Original Research Article

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Mung bean can be grown in both kharif and zaid seasons. Mung bean is playing a multipurpose role in pulses. It is providing good proteins for human diet. It protects against seed borne diseases and having a good ability of nitrogen fixation as green manure crop.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	<ul style="list-style-type: none"> • Name of the used Variety is not mentioned in the abstract • Abstract may be in paragraph style despite of headings • Need revision (if there is no prescribed format of Journal) 	
Are subsections and structure of the manuscript appropriate?	Yes, However, authors are advised to add some images of the crop	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Mung bean can be grown in both kharif and zaid seasons. Mung bean is playing a multipurpose role in pulses. It is providing good proteins for human diet. It protects against seed borne diseases and having a good ability of nitrogen fixation as green manure crop.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References are sufficient but the format of all the references is not same. Authors are advised to re frame the references as per the format of the journal or make the indexing properly	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	yes	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes. Kindly please write down the ethical issues here in details)</i>
