Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	In the climate change situation, maize is an important crop in locations where the temperature is rising. The findings of adaptation strategies with maize in such situations will help others to prepare their plan or policy. Sharing such micro-level findings has helped others. However, results should be adequately presented so needy people can use them properly.	
Is the title of the article suitable? (If not please suggest an alternative title)	Suitable. However, the title should not give full stop(.).	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	In the abstract, at the end, give salient suggestions for the study, maintaining the word limit.	
Are subsections and structure of the manuscript appropriate?	Appropriate
