Manuscript Number:	Ms_JAERI_122480
Title of the Manuscript:	Leveraging Local Ecological Knowledge for Bat Conservation: Insights from a Community-Based Study in the Ebo Forest Reserve, Littoral Region of Cameroon.
Type of the Article	Research

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This paper delineates importance for designing culturally sensitive and effective conservation strategies. I appreciate this paper as it focus on scientific eco conservation through community centric approach that is much more necessary for today's sustainable development. I hope that such research would inspire many future researchers to contribute to similar research areas or aspects.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes. The title is suitable.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes the abstract is perfect.	
Are subsections and structure of the manuscript appropriate?	Yes truly appropriate. Few more photos may be added.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The integration of quantitative and qualitative data and findings made it scientific and technically sound. The mixed method is truly appreciable. Each sentence was detailed from the perspective of scientific knowledge and community-based approach.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References are sufficient. But author is requested to add some updated website references too.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes language is okay for scholarly communications.	
Optional/General comments	Overall this manuscript has its real worth from the perspective of community-based ecosystem management and biodiversity conservation.	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes. Kindly please write down the ethical issues here in details)</i>
