

Review Form 3

Journal Name:	Asian Journal of Agricultural Extension, Economics & Sociology
Manuscript Number:	Ms_AJAEES_122146
Title of the Manuscript:	An Economic Insights of Agricultural Sustainability in the Himalayan Districts of Jammu and Kashmir
Type of the Article	Original Research Article

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The subject of the article is original. It will contribute to scientific studies. It will contribute to studies in the context of agricultural sustainability.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title of the article is suitable.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	It should be reconsidered according to the journal's article format. Because the purpose of the research, material and method, research findings and results are not written clearly and explicitly.	
Are subsections and structure of the manuscript appropriate?	Introduction, conclusion and discussion sections are poorly written and need improvement.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The research is a field research and the data was obtained in the research field. The obtained data was interpreted and written with the appropriate analysis technique	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references are insufficient and not recent. There are new studies conducted on this subject in different areas of agriculture. These studies can be used.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	The language of the article is academically appropriate, but could be improved further.	
Optional/General comments	The article is an original study. However, the sections should be developed further. After these are done, it will contribute more to science in an academic sense. Therefore, the article should be reconsidered from beginning to end.	

PART 2:
