

**Review Form 3**

Journal Name:	<b>International Journal of Pathogen Research</b>
Manuscript Number:	<b>Ms_IJPR_122083</b>
Title of the Manuscript:	<b>Microbial Load and Antibiotic Resistance Pattern of Microflora Isolated from Smoked Catfish and Mackerel Sold in Ghanaian Markets: A Potential Health Threat</b>
Type of the Article	

### Review Form 3

#### **PART 1:** Review Comments

<u>Compulsory</u> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	A proper sterile technology is very important in the food industry. Our world is full of microbes; microbes can contaminate food anytime in any places if we don't follow the proper hygiene technology. At this moment this manuscript looks like a report. You can publish like this or elaborate it with more subject materials. Please follow my guidelines in the manuscript. I have highlighted all the essential correction in yellow.	
Is the title of the article suitable? (If not please suggest an alternative title)	OK	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Add subject matter to the introductory part.	
Are subsections and structure of the manuscript appropriate?	It's alright.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Statistical data is absent in the experimental part. In general, statistical analysis shows error bars and how efficiently experiments were conducted. This manuscript requires more experimental data; however, it can be accepted as a scientific report.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Please add at least 50 citations. Food contamination is a well explored arena. Author will get more peer to cite.	
<u>Minor</u> REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Some of the sentences should be re-constructed. The whole paper should be written in past participle form and in passive voice.	
<u>Optional/General</u> comments	N/A	

#### **PART 2:**

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
