

Review Form 3

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_121479
Title of the Manuscript:	OPTIMIZATION OF THE TIME AND GERMINATION RATE OF SMALL COLA SEEDS (<i>Garcinia kola</i> Heckel, Clusiaceae)
Type of the Article	

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	-The results of this study might be used to create awareness for the actors in small kola seed production, and policy-makers, governmental and non-governmental organizations that participate in the small kola seed quality seeds production and handling systems. - provide baseline information for future studies and will serve as a reference or benchmark to develop appropriate technologies that increase the small kola seeds quality related to field emergence and Speed of germination.	
Is the title of the article suitable? (If not please suggest an alternative title)	No. EFFECTS OF HYDRO PRIMING ON GERMINATION TIME AND RATE OF SMALL COLA SEEDS (GARCINIA KOLA HECKEL, CLUSIACEAE)	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, it is more or less comprehensive	
Are subsections and structure of the manuscript appropriate?	Not, I have suggested my cooments.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Optimizing seed germination rate and reduce time of germination is crucial for scientific communities. The science is significant for societies using the crops for different purposes.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references are sufficient and some old references are existing.	
Minor REVISION comments	Rechecking for some sentences rearrangement required.	
Is the language/English quality of the article suitable for scholarly communications?		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
