Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Dear Editor, As I wrote in the first review. The manuscript is very interesting on a global level. Also, the described method can be applied to assess the sensitivity of another agricultural crops as it is very simple to apply and informative. The statistics are excellently done, the results are clearly displayed and correlated with the attached photos. The attached pictures of the symptoms are clear and informative. It also has scientific weight. Reviewer 2, as far as I could see, did not ask for fundamental changes in the manuscript. I repeat, everything I had to say about the manuscript, I said in the first review. To summarize, I accept the manuscript. Best regards,
